WINTER HOLIDAYS

## Pat Malone's Magic Garden

26 June 2024, 11 am

*Pat Malone's Magic Garden* is a fun-fuelled exploration of creativity for families. Fusing Physical Theatre, Circus and Dance with a good old fashioned 'Aussie yarn' this is a colourful and iconic piece about the nature of reality and the power of imagination.

Follow Pat Malone, a Mythical Creature Researcher, on a very unique journey, as he shares his research into Autonomous Imaginary Species, or A.I.S. These are creatures that begin in the imagination, and then become real, physical creatures that have a life all of their own! Now, it might sound crazy and I bet you're wondering how it's possible... But you have to believe!
